

VOICE - ACTIVATED NAVIGATION SYSTEM WITH SIRIUS® TRAVEL LINK™

DELIVERY CHECKLIST

The following items should be completed when a customer takes delivery of a vehicle equipped with a Voice-activated Navigation System and SIRIUS® Travel Link™.

VOICE - ACTIVATED NAVIGATION SYSTEM

- ☐ Demonstrate how to set your customer's home address or nearby crossroads as the HOME default destination
- ☐ Demonstrate how to create a User Profile to assist the voice-recognition technology (if needed)
- ☐ Demonstrate how to set a destination using the touchscreen
- ☐ Demonstrate how to use the voice commands
- ☐ Demonstrate how to use the Points of Interest (POI) database to set a destination
- ☐ Demonstrate how to add waypoints within route to a main destination
- ☐ Explain that annual map updates will be available through NAVTEQ, Ford's mapping partner, at www.navteq.com or 1-800-NAV-MAPS
- ☐ Demonstrate how to change the 3D Bird's-eye Viewing angle in the MAP PREFERENCES
- ☐ Demonstrate how to copy digital photos from a CD-ROM or DVD to the system's hard drive and how to display the photos on the Navigation Home Screen
- ☐ Demonstrate how to transfer music from a CD or audio DVD to the system's Digital Jukebox
- ☐ Demonstrate how to use voice commands to change AM/FM and SIRIUS® Satellite Radio Stations
- ☐ Demonstrate how to change the temperature controls using voice commands
- ☐ Demonstrate how to play a DVD in a parked vehicle and use on-screen controls to operate a DVD
- ☐ Demonstrate operation of the Rearview Camera (if equipped)
- ☐ Demonstrate how to access the system's HELP screen and built-in tutorials
- ☐ Refer them to the Navigation Quick Start Guide and Owner's Guide, found in the glove compartment for their reference
- ☐ Demonstrate how to access Hybrid fuel economy information (for Hybrid models only)
