Personalized Settings MDX

The **2010 MDX** is available in three packages:
MDX Base
MDX Technology Package
MDX Advance Package
Set the features listed below for your client. Refer to the Owner's Manual, Advanced Technology Guide, and Navigation System Manual for complete information.

Note: Default factory settings for items appear in **bold** print.

Client Name	VIN

1 — *Bluetooth® HandsFreeLink®*

HANDS-FREE RECOGNITION SYSTEMS (*Bluetooth*® HandsFreeLink® and Voice Activated Command System)
To confirm that the client's cell phone is compatible with *Bluetooth*® HandsFreeLink® (HFL) and to view/confirm phone pairing information, go to *www.acura.com/handsfreelink* or call HFL client support at (888) 528-7876.

BASE MODEL (Vehicles without Navigation System)
NOTE: Press the HFL TALK button to initiate the HFL system
☐ 1. Set phone to "Discovery Mode" / Auto Recognize HFL
☐ 2. Pair phone

☐ **Confirm phone pairing**
To confirm the phone has been paired, do the following:
■ Turn off the phone and the vehicle
■ Turn on the phone and restart the vehicle

☐ Show the client the HFL buttons and their functions

☐ Confirm that the client can successfully place and receive calls

HFL Auto Transfer Function
☐ ON   ☐ **OFF**
☐ Demonstrate the Voice Tag system

Top Commonly Used HFL Voice Commands:
1. **"Call/Dial <phone number>"**
2. **"Call/Dial <name>"** (when voice tags are stored)
3. **"HandsFree Help"**
4. **"Phone Setup"**
5. **"Phonebook"**

HFL Buttons

SPECIAL NOTE REGARDING HFL OPERATIONAL DIFFERENCES:
BASE MODEL (Vehicles without Navigation System):
- To say a phone number, the client can say "Call" or "Dial" and then the phone number right away.

TECHNOLOGY and ADVANCE PACKAGE MODELS (Vehicles *with Navigation System*):
- Client <u>must</u> go to the phone screen to say phone commands.
- To say a phone number, the client must first say "Dial" while in the phone screen. The client will then be prompted to say the phone number.
- The navigation display will highlight all possible commands on the phone screen when the client presses the TALK button.

TECHNOLOGY and ADVANCE PACKAGE MODELS (Vehicles with Navigation System)
NOTE: To enter phone screen, simply press the Pick-up button.
☐ 1. Set phone to "Discovery Mode" / Auto Recognize HFL
NOTE: Once the phone is paired, the system will ask if you would like to continue setup. This refers to the AcuraLink system.
☐ 2. Pair phone

☐ **Confirm phone pairing**
■ Turn off the phone and the vehicle
■ Turn on the phone and restart the vehicle

☐ Show the client the HFL buttons and their functions

☐ Confirm that the client can successfully place and receive calls

☐ Demonstrate the Voice Tag system

Cellular Phonebook
Confirm that the client's phone is compatible with this feature.
1 Import the phonebook.
2 Show the client how to make a call from the phonebook.

Top Commonly Used HFL Voice Commands:
1. **"Dial"** (to enter digital dial screen)
2. **"Call <name>"** (when voice tags are stored)
3. **"Phone Setup"**
4. **"Phonebook"**
5. **"Call History"**

Pick-Up button: Answer an incoming call, or go directly to the Cellular Phone screen.
Hang-Up button: End a call or decline a call.
Talk button: Give HFL, navigation, audio, climate control, or AcuraLink commands.
Back button: Cancel a command and return to the previous screen.

2 — AcuraLink®

ACURALINK® SATELLITE COMMUNICATION SYSTEM
Provides direct communication between the vehicle and the Acura server. It works through XM® Radio and in conjunction with the vehicle's navigation, HFL, and audio systems to send and receive several messages.
AcuraLink comes ONLY in MDX vehicles equipped with Technology and Advance Packages. (It is not available in Alaska and Hawaii.)
1 Ask the client if their cell phone has data connection (also known as Bluetooth® Dial-Up Network Profile).
NOTE: Data connection is not usually provided in a basic contract. Cell phone providers may charge extra for that option.
2 If the client's cell phone <u>does not</u> have data connection, disregard this section.
3 If the client's cell phone <u>does</u> have data connection, confirm that the phone has already been paired.
4 With the client present, go to the My Acura website at *myacura.com* .
5 Choose the information the client wishes to receive.
Message Preference:

☐ Feature Guide ☐ Diagnostic Info ☐ Quick/Tips ☐ Campaigns/Recalls ☐ Maintenance Minders
☐ Appointment Reminders ☐ Reminder Lead Time ☐ **1 Day** ☐ 2 Days ☐ 3 Days

Navigation	**3**	**NAVIGATION SYSTEM** ☐ Go Home setup Address:_____ ☐ Show the client the Talk and Back buttons and their functions ☐ Show the client the Commonly Used Voice Commands in the Advanced Technology Guide	**Top Commonly Used Navi Voice Commands:** 1. Audio

6 — **RADIO PRESETS**

XM1	___	___	___	___	___		FM1	___	___	___	___	___
XM2	___	___	___	___	___		FM2	___	___	___	___	___
							AM	___	___	___	___	___

NOTE: Continued XM® Radio service after the first 90 days of ownership can be purchased through XM® Radio at *www.xmradio.com*

HARD DISC DRIVE (HDD) (Technology and Advance Package Models - vehicles with Navigation System)
HDD Audio allows you to record (rip) standard CDs onto the vehicle's hard drive.

☐ **Auto - Standard CDs are automatically recorded once inserted into the disc slot.**
☐ Manual

Position Setup

7 — **DRIVING POSITION MEMORY SYSTEM (DPMS)**
  NOTE: In order for the vehicle to associate the personalized settings with the correct driver, the client (before entering the vehicle) must first unlock the vehicle with their designated Keyless Remote.
1. Position the driver's seat, mirrors, and steering wheel to the primary driver's preference.
2. Confirm that the primary driver will use Keyless Remote Driver 1.
3. Store the preferences as Memory 1 on the driver's door panel.
4. After completing preferences for the primary driver, if a secondary driver is present, store his/her preferences in Memory #2 (Keyless Remote #2).
5. If a secondary driver is not present, advise the client that you have set the system for Driver 1. Show the client the instructions on setting the DPMS in the Owner's Manual. Advise the client to contact you if they cannot successfully set the system.

Welcome DRIVER 1   Welcome DRIVER 2

Misc Display

8 — **REARVIEW MIRROR WITH REARVIEW CAMERA DISPLAY (Base Model - vehicles without Navigation System)**
